

Zemgale Planning region

Regional Energy plan and 16 municipal plans

Raitis Madžulis

Jelgava, Jan. 2019

16 Municipal Energy Action plans 2018-2025

April 2017 – July 2018 elaboration of 16 plans

May 2018 - July 2018 proposals for Regional plan

May 2018 – July 2018 3 project concepts

Energy Efficiency

Renewable energy sources

Green transport

4 training / study visits

- For transfer good practices from European regions to 16 municipal Energy plans was organised 4 training/study trips related to priorities of municipalities and cases of project partners
- First idea was 4 trips and 4 municipalities each
- After investigation of situation and clarification with Lead partner there are changes:

Solar energy	4	Sweden	Avio	3 days	7-9 Nov.
Geothermal energy	2	Estonia, Finland	Car	4 days	30 Oct.-2 Nov.
RES Mix	7	Poland, Germany	Bus	6 days	4 – 9 Dec.
RES DH	3	Denmark	Avio	3 days	14 – 16 Nov

Zemgale Regional Energy Action Plan

- March 2017 – December 2018 – elaboration of Plan

Main differences

third chapter – Green transport
chapters divided into two parts:
energy producing
energy consumption

- April 2018 - Proposals from municipal level to regional plan
- February 2019 – Elaborated monitoring system of Plan
- February 2019 – Training of municipal and regional specialists
